

Since I drive 50 miles one way to my job every day, I really appreciate and enjoy my Satellite Radio. Local stations do not carry on the air the distance needed, so between CDs and Books on Tapes, I was without any other choice until I was given my Satellite Radio as a Christmas gift. AND I LOVE IT. I appreciate the large variety of programs ranging from music to news to educational programs. Since I pay for my Satellite Radio, I do not think that NAB should tell me or anyone what is playing on their personal radio. I look forward to the time when Austin will be one of the cities covered with the road and weather reports, since the stretch I-35 that I drive daily is the area of highest number of accidents. Please reject the NAB petition 04-160. Again, I am paying for it all and therefore I should have the freedom to choose to what I listen.
